even greater depth!***

Steel City[®]

6-Inch Extension
for 68P Floor Box

Steel City®

6-Inch Extension for 68P Floor Box

The Ultimate Problem Solver!

- Ideal for thicker, post-tension slabs that require additional box height
- Compatible with 68-PAR adjusting ring for mounting devices and covers
- Optional voltage divider extensions (68P-EXT-DIV) available for applications requiring power and communications — compatible with 68P Dual Voltage Kits and 68R Series Recessed Covers
- Can be used to extend existing 68P boxes when pouring a new slab for renovation work
- Extensions snap together for additional depth
- Materials:
Extensions — PVC
Dividers — polycarbonate
- UL File No. E11461
- CSA File No. LR12798
